An End To All Disease: Towards a Universal Theory of Disease, Rejuvenation, & Immortality By Lt. Lawrence F. Frego

We are at the crossroads of world health. On the one hand we face the possibility of a world wide pandemic, the likes of which has never been seen before. We are, likewise on the threshold of discovering natural cures for nearly every disease. As choosing wisely may mean the difference between life and death, this book is designed to help the reader choose alternative options that are seldom if ever in the news. Jared Diamond, in his groundbreaking work, Collapse: How Societies Choose to Fail or Succeed, addresses the fact that only civilizations that recognize the threats against their existence, and deal with the threat effectively survive. Civilizations with their heads in the sand become extinct or are conquered by more vigorous nations. The robber barons of the last century were able to create a monopoly for oil and the automobile by ruthlessly and systematically destroying all competition. They tore up cable car lines and public transportation so the public would have no other alternative except their oil. Today, the drug monopolies, owned by the descendants of these same robber barons, are nearly complete in their plot to eradicate all natural, low cost remedies for disease prevention and treatment. In the state of Florida, naturopathic physicians were de-licensed unless they also had a conventional medical license. The "powers that be" want to create a drug induced society, at an enormous financial and emotional cost to the public at large. They are even trying to outlaw vitamins via European health treaties and side step the American constitution and the public. The ever escalating cost of medical care created by lack of natural alternative options can only lead to the eventual total collapse of the entire medical system. It is exceedingly difficult finding the truth about alternative medicine as "the system" has a vested interest in making profits and keeping the truth from you. A few thousand deaths is
