Amazon.com Review

Cult filmmaker Alexandro Jodorowsky and the visionary French artist Moebius have teamed up again, this time to bring us a comics about the coming of the new Messiah. University professor Mangel (drawn with a Jodorowsky likeness), a restless man haunted by inner demons, becomes involved in a plot by a group of religious fanatics to bring about the birth of a new Savior: he has been chosen to be the reluctant father. Are they a sect of dangerous madmen, or is God really using them as his messengers? Count on Jodorowsky to provoke, challenge, and offend. Count on Moebius to provide the stunning graphics.

From Publishers Weekly

Underground filmmaker (El Topo) and French comics legend Jean "Moebius" Giraud (The Man from the Ciguri) have concocted a bizarre sexual religio-philosophic farce that nearly defies description. Alan Zacharias Mangel, professor of religion and philosophy at the Sorbonne, has abandoned the study of Heidegger and Kant to become the center of a mystical cult?that is, until his wife, indelicately blaming his impotence, announces both an affair with a member of his circle and her desire for a divorce at, of all places, his birthday party. Reeling from this affront, he is pursued by Elizabeth, a beautiful but apparently disturbed student who declares that, like the biblical Elizabeth and Zacharias, they are prophesied to make love so that she may give birth to a new world prophet. Prodded by his horny superego (Mangel's younger self, in skin-tight black T-shirt) and his pregnant otherworldly lover, Mangel finds himself in the grip of a wildly comic divine prophecy?the outrageously carnal recreation of the Madonna myth with an Arab drug addict as Joseph and the voluptuous daughter of a Colombian drug cartel boss as a contemporary Virgin Mary, sent to save the world. Alternately amusing and cheerfully dumb, this entertaining narrative manages a fair level iconoclasm, invoking (or lampooning, you be the judge) white European racism, French anti-Semitism, anti-clerical blasphemy and an undiluted anti-Puritanism. Although Moebius is a brilliant draftsman, the b&w drawings are well done but only rarely exceptional.

Review

"Loaded with Jodorowsky's signature tropes, the story evolves into a full-blown hyperkinetic self-parody, fully aided and abetted by the loosest, most breezy work Moebius has done in years."

- PublishersWeekly.com

"[Jodorowsky] tackles philosophical ideas through off-the-wall humor, lack of sentimentality while taking a perverse joy in providing Zen-master jolts of mystifying shock to the reader's frontal lobes."
