### The Annals of Lü Buwei From Brand: Stanford University Press

This is the first complete English translation of *Lüshi chunqiu*, compiled in 239 b. c. under the patronage of Lü Buwei, prime minister to the ruler of the state of Qin, who was to become the first emperor of a newly unified China fifteen years later. Lü retained a group of scholars whose aim was to encompass the world's knowledge in one great encyclopedia; so delighted was Lü with the finished work that he is said to have offered a fabulous prize of gold to anyone who could add or subtract even a single word.

An exceptionally rich and comprehensive compendium, *The Annals of Lü Buwei* recounts in engaging, straightforward, and readable prose the great variety of beliefs and customs of its time. The work is one of the great monuments of Chinese thinking, a work of originality and cohesion, inspired by a vision of a universal empire ruled by principles that ensured harmony between man and nature, protective of human and animal life, devoted to learning and culture, practicing benevolence and kindness, and motivated by reason and morality. In addition to revealing an advanced state of technical knowledge, the *Annals* set forth a philosophy of government suitable to the centralized control that the Qin state would subsequently establish. It also took into account every philosophical trend of the day, sometimes adapting themes, sometimes combining ideas that had not previously been associated, sometimes rejecting and refuting positions that were in conflict with its basic vision. Because Lü aimed at comprehensiveness, his work preserved a number of systems of thought that are otherwise unknown or scarcely known. The *Annals* thus provides an essential tool for anyone seeking to reconstruct the philosophical controversies of the third century b. c. At the same time, Lü's compendium proclaims his independent, highly original philosophical positions. Today, with most of the works of classical Chinese philosophy long lost, *The Annals of Lü Buwei* remains indispensable as a summa of the Chinese intellectual world of its time.

## Editorial Review

From Library Journal

Knoblock (philosophy, Univ. of Miami, FL) and Riegel (Chinese, Univ. of California, Berkeley) make a signal contribution to the translated canon of Chinese historical/philosophical works with this version of the *L shi chun qiu*, the third-century B.C.E. work commissioned by Qin dynasty merchant and prime minister Lü Buwei. This compendium of early Chinese thought, divided into three sections, is also a work of history, an almanac, and a manual of state ritual. Though it was written at a time when legalism dominated the philosophical schools in China, it is quite anti-Legalist in tone. Not only do the editors provide a highly readable and complete translation of the work, but they also offer an annotated text in Chinese, following the time-honored Sinological tradition. By basing their translation on Chen Qiyou's critical edition, which was used by Taiwan's Academic Sinica for an electronic database, they allow readers to consult the full text ([www.sinica.edu.tw/ftms-bin/ftmsw3](http://www.sinica.edu.tw/ftms-bin/ftmsw3)). In the book, the reader can consult the entire text, with its almanacs and essays on history and other subjects in its distinctive Taoistic tone, as well as valuable appendixes, including fragments and a preface to the text, affiliations reflected in each chapter, an alphabetical finding list, and an extensive glossary. This translation is in accord with the high standards set by Lü when he first commissioned this encyclopedic work. Recommended for East Asian collections in public and academic libraries. DD.E. Perushek, Northwestern Univ. Lib., Evanston, IL

## Review

"John Knoblock and Jeffrey Riegel have provided us with a marvelous work in this first rate annotated translation of the complete extant text, as well as extensive notes and appendixes. . . . In the past, we have found ourselves in debt to the late John Knoblock for his *Xunzi*. Now we are further indebted to him and Jeffrey Riegel for this splendid scholarly work." (*American Journal of Chinese Studies*)

"This book gives us the first complete English translation of the *Lushi chunqiu*. . . . Knoblock and Riegel aim for a book "in convenient form that will serve the needs of the general reader while providing the scholar with the information necessary to understand the decisions we have made in translating the text." They have succeeded admirably. . . . Recommended for all collections on early China." (*Religious Studies Review*)

## From the Inside Flap

This is the first complete English translation of *Lüshi chunqiu*, compiled in 239 b. c. under the patronage of Lü Buwei, prime minister to the ruler of the state of Qin, who was to become the first emperor of a newly unified China fifteen years later. Lü retained a group of scholars whose aim was to encompass the world's knowledge in one great encyclopedia; so delighted was Lü with the finished work that he is said to have offered a fabulous prize of gold to anyone who could add or subtract even a single word.

An exceptionally rich and comprehensive compendium, *The Annals of Lü Buwei* recounts in engaging, straightforward, and readable prose the great variety of beliefs and customs of its time. The work is one of the great monuments of Chinese thinking, a work of originality and cohesion, inspired by a vision of a universal empire ruled by principles that ensured harmony between man and nature, protective of human and animal life, devoted to learning and culture, practicing benevolence and kindness, and motivated by reason and morality.

In addition to revealing an advanced state of technical knowledge, the *Annals* set forth a philosophy of government suitable to the centralized control that the Qin state would subsequently establish. It also took into account every philosophical trend of the day, sometimes adapting themes, sometimes combining ideas

that had not previously been associated, sometimes rejecting and refuting positions that were in conflict with its basic vision. Because Lü aimed at comprehensiveness, his work preserved a number of systems of thought that are otherwise unknown or scarcely known. The Annals thus provides an essential tool for anyone seeking to reconstruct the philosophical controversies of the third century b. c. At the same time, Lü's compendium proclaims his independent, highly original philosophical positions. Today, with most of the works of classical Chinese philosophy long lost, The Annals of Lü Buwei remains indispensable as a summa of the Chinese intellectual world of its time.

## **Users Review**

### **From reader reviews:**

#### **Frank Dawson:**

In this 21st millennium, people become competitive in every single way. By being competitive currently, people have to do something to make all of them survive, being in the middle of typically the crowded place and notice by surrounding. One thing that oftentimes many people have underestimated that for a while is reading. Yes, by reading a reserve your ability to survive raise then having chance to stand than other is high. For yourself who want to start reading a new book, we give you this The Annals of Lü Buwei book as beginner and daily reading e-book. Why, because this book is greater than just a book.

#### **Jeanne Newman:**

People live in this new morning of lifestyle always make an effort to and must have the free time or they will get large amount of stress from both way of life and work. So , whenever we ask do people have time, we will say absolutely of course. People is human not a robot. Then we consult again, what kind of activity do you have when the spare time coming to anyone of course your answer may unlimited right. Then ever try this one, reading books. It can be your alternative within spending your spare time, the actual book you have read is definitely The Annals of Lü Buwei.

#### **Irene Carpenter:**

This The Annals of Lü Buwei is great publication for you because the content that is full of information for you who else always deal with world and possess to make decision every minute. This kind of book reveal it information accurately using great organize word or we can state no rambling sentences inside it. So if you are read the idea hurriedly you can have whole details in it. Doesn't mean it only offers you straight forward sentences but tricky core information with attractive delivering sentences. Having The Annals of Lü Buwei in your hand like having the world in your arm, details in it is not ridiculous one particular. We can say that no publication that offer you world throughout ten or fifteen moment right but this publication already do that. So , it is good reading book. Hello Mr. and Mrs. hectic do you still doubt that will?

#### **Robert Long:**

As a college student exactly feel bored in order to reading. If their teacher requested them to go to the library or even make summary for some e-book, they are complained. Just small students that has reading's heart

and soul or real their interest. They just do what the educator want, like asked to go to the library. They go to generally there but nothing reading critically. Any students feel that reading through is not important, boring and can't see colorful pictures on there. Yeah, it is to be complicated. Book is very important to suit your needs. As we know that on this period, many ways to get whatever we want. Likewise word says, many ways to reach Chinese's country. Therefore this The Annals of Lü Buwei can make you really feel more interested to read.
