Editorial Review

Review

–“A solid gold gift to anyone teaching or parenting or encountering the learning child. Jane Healy seems to have it all—the richness and insight from the think tank, the wisdom and experience of her life.” —David Mallery, *Independent School Quarterly*

“A sane and readable guide to the burgeoning literature on human development. I particularly liked the discussions on the perils of superbabying and on the fostering of creativity.” —Dr. Howard Gardner, author of *Frames of My Mind* and *The Mind's New Science*

"Dr. Healy has done it again with *Your Child's Growing Mind*. Nobody Makes child development and it's practical applications so clear and readable. A must for parents." —Michael Brody, M.D., Chair of The Television and Media Committee of The American Academy of Child and Adolescent Psychiatry

"This book became an instant classic when it was published in 1987, and has been a cornerstone for educators ever since. Now revised and updated to reflect recent findings in brain research, this book guides parents, teachers, and caregivers as they gauge the level of development of an individual child's brain."
—Ingram
