Editorial Review

Amazon.com Review

Wow. One hundred and one complete blueprints for a romantic seduction scene. Once a week you and your beloved are supposed to pick a scenario from the book; they're packaged so that they can't be read until they're torn out and opened, so neither of you will have a clue what the other has in store for you. (No cheating!) Icons on the front pages of each plan let you know the approximate cost, whether travel or food is involved, and whether it should be chosen during a particular season. Have a *grrreat* time!
