Christopher Wilder: The True Story of The Beauty Queen Killer: Historical Serial Killers and Murderers (True Crime by Evil Killers) (Volume 16) By Jack Rosewood

Of all the many psychopaths and sociopaths that have hunted for human victims throughout history, few have been more disturbing or mysterious than Christopher Bernard Wilder – the beauty queen killer. From the middle of the 1960s until 1984, Wilder sexually assaulted countless women and murdered at least nine in Australia and the United States. The beauty queen killer was not only a true psychopath, but also a hunter as he carefully chose attractive girls and young women to victimize. But Wilder was no creepy looking killer; he was an attractive, articulate man who used a camera and offers of a modelling career to get his unsuspecting, naïve victims to remote locations where he would then rape, torture, and ultimately kill them. Among serial killer biographies, Wilder's is a cautionary tale. First as a juvenile and later as a young man, Wilder was arrested on numerous occasions for sexual assaults in both Australia and United States; but he never served any time behind bars due to technicalities, witnesses refusing to testify, or the judges showing sympathy towards the beauty queen killer. When one considers some of the better known American crime stories from history, many red-flags are apparent that point towards the future criminal potential of an individual: for Wilder, the flags were bright, crimson, quite large, and difficult to avoid, yet were ignored by his friends, family, and the authorities. Christopher Wilder's saga is therefore not just a true crime murder story, but also an unfortunate example of how the system can fail to protect the public from a known sexual sadist. Open the pages of this intriguing book and read the story of an American serial killer who had it all: looks, money, and beautiful women. But as this captivating true crime story will reveal, nothing was ever enough for the beauty queen killer as he killed his way across the United States in order to satisfy his sadistic lust. Aspects of the Christopher Bernard Wilder story will disturb you, but at the same time you will find it difficult to put this serial killer biography down because you will be drawn in by the FBI's hunt to capture the elusive criminal.

Leon King:

As a university student exactly feel bored to be able to reading. If their teacher questioned them to go to the library in order to make summary for some book, they are complained. Just very little students that has reading's soul or real their passion. They just do what the professor want, like asked to go to the library. They go to generally there but nothing reading seriously. Any students feel that reading is not important, boring and also can't see colorful pics on there. Yeah, it is for being complicated. Book is very important for you. As we know that on this time, many ways to get whatever we really wish for. Likewise word says, many ways to reach Chinese's country.
