### Editorial Review

#### Amazon.com Review

This is essential reading for anyone interested in directing or acting. Judith Weston's brilliance is to recognize that directors, actors, writers, and technicians are involved in a process that is at essence a collaboration. In order for them to have the best shot at creating something true and meaningful, they must share a language and a method of exchange that fosters creative cooperation. Weston rightly sees the director as the central figure in inspiring the energy of a production's harmony. She advises the prospective director on every aspect of a stage or film production, showing how the director can draw the best performances possible from actors.

#### Review

The focus on creating memorable performances for film and television provides explicit acting advice and examples rather than the usual generalities. From the initial reading of a script to casting and rehearsing techniques and developing or understanding relationships between actors and directors, this is packed with practical considerations. -- *Midwest Book Review*
