### Editorial Review

#### Review

The most comprehensive reference work in the field..These volumes are valuable to all college, university, and public library reference collections.

**—American Reference Books Annual, 2002**

This source is unique among encyclopedias of homosexuality....[It] should become the standard in its field, will be a useful addition to all public and academic libraries.

**—American Libraries, May 2001**

The Encyclopedia is a thorough, well-researched and for the most part impressive collection of notes on the who, what, where, why and when of lesbians....[T]he cross-cultural entries are some of the best I've seen in a project of this nature. For those entries alone, the Encyclopedia would be a fruitful addition to any home.

**—Girlfriends.**

**Two volume set.**

**Volume 1, Encyclopedia of Lesbian Histories and Cultures, edited by Bonnie Zimmerman ISBN 0-8153-1920-7**

**Volume 2, Encyclopedia of Gay Histories and Cultures, Edited**

Thumbs up for Haggerty and Zimmerman....An exceptional group of authors has contributed entries to these volumes....Reference librarians in academic and medium-sized and large public libraries will want to add both volumes to their collections.

**—Booklist/RBB, September 2000**

Nothing short of a landmark publication...

**—Choice , September 2000**
