### Editorial Review

#### Review

In Harm's Way Irene Hannon. Revell, \$14.99 paper (320p) ISBN 978-0-8007-3312-4 Suspense writer Hannon (Against All Odds) offers her third in the Heroes of Quantico series, where she presents fast-paced crime drama with an aside of romance. The story opens with the sensitive and artistic piano instructor, Rachel Sutton, happening upon a Raggedy Ann doll buried in the snow of a parking lot. What happens when Rachel picks up this doll shocks and disturbs her, so much so, she presses past her self-preservation mode and tells her story to FBI agent Nick Bradley. Initially nonplussed by her account, Nick is unable to shake a persistent feeling that Rachel is for real and not some psychic wanna-be. Quickly, the report of a missing baby is linked with the doll, as are secrets surrounding Rachel's past. Both Nick and Rachel develop a mutual respect and affection for one another as they piece together the clues behind an ever-climactic mystery. Hannon's tale is engagingly sure-footed overall, yet at points reads too predictably for avid crime enthusiasts. (Apr.) --Review in the 2/1 issue of Publishers Weekly

"This fast-paced romantic suspense is third in Hannon's Heroes of Quantico series. Both male and female characters are richly developed. The faith element is not overwhelming, and the surprise twists keep the reader engaged." -- RT Book Reviews --RT Book Review

"This is a fine-tuned suspense tale that incorporates elements of romance, relieving what might otherwise be a too-intense experience. RITA® Award winner Hannon is a master at character development, writing believable, three-dimensional characters. Fans of Dee Henderson will enjoy this book. New readers will want to go back and read the first two titles in the series (Against All Odds; An Eye for an Eye)." - Library Journal --Library Journal

#### From the Inside Flap

EXCERPT FROM CATALOG I shouldn't have come. The knot in Rachel's stomach tightened, and she squeezed her laced fingers, whitening the knuckles. She'd never been claustrophobic, but the walls of the small, sterile interview room off the lobby in the glass and concrete FBI office building in downtown St. Louis seemed to be closing in on her. With each minute that passed--ten and a half so far--she grew more uncomfortable. The temptation to flee before she made a total fool of herself was strong. But her feelings about the doll were stronger. Strong enough to counter the dubious glance the woman behind the bullet-proof glass in the reception area had given her. And strong enough to convince her that she needed to pass the doll on to someone who was in a position to investigate--whether they chose to or not. \*\*\* Pausing outside the door to the interview room, Nick Bradley adjusted his jacket and grasped the knob. Professional, polite, fast. That was his plan. "Sorry to keep you waiting." He shut the door behind him and held out his hand to the slim woman who had been seated at the interview table. As she returned his firm grip, her slender fingers cold and not quite steady, he did a rapid assessment. Height about five-six. Weight one-fifteen, one-twenty, tops. Shoulder-length brown hair with auburn highlights, parted on the left side. Velvet brown eyes fringed by long lashes her copper-rimmed glasses couldn't camouflage. Classic oval face, pert nose, long, slender neck. Minimal makeup. Her black slacks hugged trim hips, and a gold filigree cross on a slender chain rested against her plum-colored turtleneck. A pretty woman. Who didn't want to be here.

From the Back Cover

**How can she expect anyone to believe her--when she can hardly believe it herself?**

FBI special agent Nick Bradley has seen his share of kooks during his fifteen years with the Bureau. But Rachel Sutton is an enigma. She seems normal when she shows up at his office--until she produces a tattered Raggedy Ann doll and tells him about a strange feeling of terror it gives her when she touches it. Nick dismisses her, only to stumble across a link between the doll and an abducted child, setting in motion a chain of events that uncovers startling connections--and puts Rachel's life on the line.

Filled with palpable suspense and heartwarming romance, *In Harm's Way* is the final installment of the thrilling Heroes of Quantico series.

**Praise for Irene Hannon's bestselling Heroes of Quantico series:**

"I found someone who writes romantic suspense better than I do."--Dee Henderson, author, the O'Malley series

*"In Harm's Way* kept me turning pages as it raced from one twist to another. This book will be a hit with Irene Hannon fans!"--Susan May Warren, RITA award-winning author, *Nothing But Trouble*

"Superbly written . . . delivers all the thrills and chills of Suzanne Brockmann's Team Sixteen series with the subtly incorporated faith elements found in Dee Henderson's books."--*Booklist*

"The only downside to this terrific novel is that you won't want to put it down."--RT BOOKreviews (4½ stars, Top Pick)

**Irene Hannon** is the author of more than thirty novels, including the bestselling *Against All Odds* and *An Eye for an Eye*.
