**All the King's Men** By Robert Penn Warren

**Winner of the Pulitzer Prize, Robert Penn Warren’s tale of ambition and power set in the Depression–era South is widely considered the finest novel ever written about American politics.**

*All the King’s Men* traces the rise and fall of demagogue Willie Stark, a fictional character loosely based on Governor Huey “Kingfish” Long of Louisiana. Stark begins his political career as an idealistic man of the people but soon becomes corrupted by success and caught between dreams of service and an insatiable lust for power, culminating in a novel that Sinclair Lewis pronounced, on the book’s release in 1946, “one of our few national galleries of character.”

## **Editorial Review**

### **Amazon.com Review**

This landmark book is a loosely fictionalized account of Governor Huey Long of Louisiana, one of the nation's most astounding politicians. **All the King's Men** tells the story of Willie Stark, a southern-fried politician who builds support by appealing to the common man and playing dirty politics with the best of the back-room deal-makers. Though Stark quickly sheds his idealism, his right-hand man, Jack Burden -- who narrates the story -- retains it and proves to be a thorn in the new governor's side. Stark becomes a successful leader, but at a very high price, one that eventually costs him his life. The award-winning book is a play of politics, society and personal affairs, all wrapped in the cloak of history.

### **From Library Journal**

This reconstituted edition of the 1947 Pulitzer Prize-winning dissection of Louisiana politics gets a serious makeover by scholar Polk, who rescues the cuts and alterations made by the original editors as well as returning protagonist Willie Stark to his original name, Willie Talos. There is also an appendix and editorial notes. Considering this title's importance in American letters and the quite reasonable price, libraries should invest in this edition.
