### **Editorial Review**

#### **About the Author**

Meghan March is a Michigan native who has spent a good portion of her life buried in a book. Case in point: she read the entire romance section of her small town public library by age fourteen. Even after growing up (sort of) and getting a law degree, she never lost her passion for a great story, twisty plot, epic romance, and amazing characters. When she's not writing, she's probably reading, target shooting, drooling over fast cars, or playing with her crazy mutt.
