## Clinical Applications of the Auditory Brainstem Response (Evoked Potentials) By Linda J. Hood

Focusing on the auditory brainstem response (ABR) and its applications in evaluating neural disorders and hearing sensitivity, Clinical Applications of the Auditory Brainstem Response is an essential tool for every audiologist. This practical, hands-on manual provides the information necessary to understand the bases for and applications of the auditory brainstem response in clinical practice, presenting substantive, valuable information on both performance and interpretation of the measures.
