**The Myth of the Zodiac Killer (The Great Zodiac Killer Hoax Book 3)** By Thomas Henry Horan

According to the actual police department files from the original murder cases, there was no "Zodiac Killer," only some phony letters to the SF Chronicle claiming credit for some unrelated murders, followed by an exploitative book full of falsehoods by Robert Graysmith (real name: Robert Smith, Jr). This installment of my series of books on the subject explores in detail the cultural and literary environment that inspired the original Zodiac hoax, and the subsequent impact of Graysmith's highly fictionalized retelling of the story on our culture.

NOTE: If you'd like a free "study guide" for reading these documents (and for thoroughly debunking Robert Smith, Jr aka Robert Graysmith's "non" fiction book ZODIAC) you can start here:
