### Shades of Darkness (Ravenborn Book 1) By A. R. Kahler

*American Gods* meets *The Secret History* in this “eerie, wistful” (Karsten Knight, author of the Wildefire series) start to a fantasy trilogy about Kaira Winters, the murders that keep happening at her artsy boarding school, and the lengths she must go to in order to protect the people she loves.

When Kaira Winters decided to go to Islington—a boarding school deep in the woods of Michigan—she thought she could finally get away from everything she has tried so hard to forget, including some things from her past that she refuses to believe ever actually happened.

Everything seemed great until the bodies of murdered students started appearing all over campus. The victims seem to have been killed in some sort of ritual sacrifice. And even worse, Kaira’s dreams are giving her clues to the killer’s identity.

Though she tries to resist, Kaira quickly realizes that she is the only one who can stop the violence, but to do so she must come to terms with her past. She’s going to have to listen to the voice that is buried deep within her...the one that claims to have unimaginable power...the one that claims to be an actual goddess.

But even if Kaira can harness the power within her, will it be enough to stop the darkness that has fallen over her school? And if it *is* strong enough, then what’s to stop the goddess from wreaking her own havoc once she’s released?

Filled with murder, mystery, and a little bit of magic, this fresh genre-bending novel is a thrilling page-turner you won’t be able to put down until the very last page.

## **Editorial Review**

From School Library Journal

Gr 10 Up—A contemporary American gothic with evocative details but an unsatisfying payoff. While attending the Islington Arts Academy, a private boarding school in northern Michigan, Kaira begins to have flashbacks to a violent episode from her past. She tries to suppress the frightening visions while focusing on her friendships and completing her senior thesis, a series of paintings based on Tarot cards. But when her classmates start dying mysteriously, the protagonist becomes convinced she is somehow responsible. The particulars of winter at boarding school leap off the page; well-drawn descriptions of frozen lakes, silent woods, neo-rustic architecture, and the pleasures of hot tea and waffles bring the setting to life. The narrator and her friends are an appealing bunch of quirky visual, musical, and performing artists with a heavy dose of adolescent hormones and what-happens-next senior angst. Their teenage banter and trash-talking is quite funny and helps define their relationships, although the narrator's reference to a gay friend as "homo" may give readers pause. The book's central mystery, what happened to Kaira and how it's related to the deaths, unfolds at a frustratingly slow pace and is only partially resolved in the final pages. The ending sets up a second volume in the series. **VERDICT** An additional purchase for horror collections.—Beth Wright Redford, Richmond Elementary School Library, VT
