### **The Curse of the High IQ** By Aaron Clarey

Society, by statistical necessity, needs to focus on the majority. It needs to be built and designed for "the average." Society, by moral necessity, also needs to focus on the disadvantaged and disabled, helping those who cannot help themselves. But while the majority of society's resources, attention, and infrastructure is dedicated to average or below-average intelligent people, little-to-none of it is paid to the abnormally intelligent. And while having a high IQ is an overall net benefit in life, being an statistical intellectual freak is not without its drawbacks. Welcome to the "Curse of the High IQ." Whether you fall asleep during class, constantly ram heads with your boss, can't understand why people watch the Oscars, are an alcoholic, or are accused of having "ADD," having a high IQ can be a maddening experience. What you see as the obvious solution is what the "normies" will fight against tooth and nail. Those D-'s you keep getting in English? Your superior mind being held hostage by the boring and inferior mind of your teacher. And you'd like to start a family? Good luck finding an intellectual-equal for a spouse. And so while the world obsesses with their own problems or (rightly so) the problems of the disadvantaged, no one is paying attention to the problems of the abnormally intelligent. However, that all changes now with "Curse of the High IQ." "Curse of the High IQ" is the first book specifically written for abnormally intelligent people. It identifies and addresses a litany of problems intelligent people face, as well as analyzes them and provides solutions. But more importantly it aims to bring sanity to those who struggle with abnormal intelligence, especially those who are unaware they have it. So if you're constantly at odds with society, are suffering from depression or ennui, can't find any reason or agency in life, or just plain can't find any friends, consider purchasing "Curse of the High IQ." It's guaranteed to make your life a little easier.

## **Editorial Review**

### **Users Review**

#### **From reader reviews:**

##### **Kenneth Roberts:**

In this 21st century, people become competitive in every way. By being competitive at this point, people have to do something to make them survive, being in the middle of often the crowded place and notice through surrounding. One thing that oftentimes many people have underestimated that for a while is reading. Sure, by reading a e-book your ability to survive boost then having chance to endure than other is high. For you who want to start reading any book, we give you this particular The Curse of the High IQ book as nice and daily reading guide. Why, because this book is usually more than just a book.

##### **April Young:**

Reading a guide can be one of a lot of activity that everyone in the world enjoys. Do you like reading book so. There are a lot of reasons why people enjoyed. First reading a book will give you a lot of new information. When you read a publication you will get new information mainly because book is one of various ways to share the information or their idea. Second, studying a book will make anyone more imaginative. When you examining a book especially fiction book the author will bring one to imagine the story how the character types do it anything. Third, you may share your knowledge to others. When you read this The Curse of the High IQ, you are able to tell your family, friends in addition to soon about your guide. Your knowledge can inspire the others, make them reading a e-book.

##### **Shaun Richards:**

Exactly why? Because this The Curse of the High IQ is an unordinary book that the inside of the publication waiting for you to snap the idea but latter it will zap you with the secret this inside. Reading this book close to it was fantastic author who write the book in such awesome way makes the content inside of easier to understand, entertaining approach but still convey the meaning completely. So , it is good for you for not hesitating having this any longer or you going to regret it. This book will give you a lot of positive aspects than the other book include such as help improving your proficiency and your critical thinking method. So , still want to postpone having that book? If I had been you I will go to the publication store hurriedly.

##### **Valerie Herrera:**

Is it you who having spare time after that spend it whole day by watching television programs or just lying down on the bed? Do you need something new? This The Curse of the High IQ can be the reply, oh how comes? A fresh book you know. You are so out of date, spending your time by reading in this brand new era is common not a nerd activity. So what these ebooks have than the others?
