The Atheist Debater's Handbook By B. C. Johnson

This handbook is an attempt to offer a concise set of rejoinders for use by atheists in their formal (and informal) debates with theists. Older, more traditional, arguments are included as well as original arguments. The result is a short book, yet one that contains an unrelenting presentation of argument and analysis.

For some time now atheists have been in need of firm grounds upon which to base their position. This handbook offers them this foundation.
