**The Case for Falling in Love: Why We Can't Master the Madness of Love -- and Why That's the Best Part** By Mari Ruti

## Praise for *The Case for Falling in Love*

"Why play 'hard to get' when you can just get what you want? Mari Ruti's lively research, from Plato to Freud to *Gossip Girl* to her own bedroom, finally puts an end to playing games, and provides a resource for lovers and the love-scorned alike. A must-read for anyone who has ever fallen in love, wants to, or wants to know what went wrong."

-Arianne Cohen, creator of TheSexDiariesProject.com

"At last, a relationship advice book that will actually work. If you're intelligent, interested in love, and like a book you can't put down, this is it. John Gray, move over. The brilliant Mari Ruti has arrived."

-Juliet Schor, professor of sociology, Boston College, and author of *Born to Buy* and *Plenitude: The New Economics of True Wealth*

"Groundbreaking...Ruti opens the eyes of her readers so that they can love better...A must-read."

-Nancy Redd, *New York Times* bestselling author of *Body Drama*

"Finally, a book that takes love seriously. Written with passion and verve...I wish I had read this book years ago!"

-Sean Carroll, author of *From Eternity to Here: The Quest for the Ultimate Theory of Time*

Are you tired of reading book after book and playing game after game, trying to avoid heartbreak? It seems impossible, and maybe that's because you can't lock up your heart like that-not if you want the real thing. And maybe that's one of the best things about love.

We've been thinking about it all wrong. Our culture's insistence that women need to learn how to catch and keep a man is actually doing much more harm than good. The more we try to manipulate our relationships, the less we are truly able

to experience love's benefits and wonders.

*Love is a slippery, unruly thing, and trying to control and manage it robs us of its delicious unpredictability.*

Sure, letting go of the reins a bit might mean a broken heart, but heartbreak, in fact, offers a wealth of possibilities-creativity, wisdom, and growth-that we need in order to make the most of our lives.

Liberating for women who are frustrated by the idea that they just need to learn the right "formula," *The Case for Falling in Love* shows that there *isn't* a method to mastering the madness of love. But that might be *exactly* what's so wonderful about it.

### Editorial Review

From Publishers Weekly

Starred Review. According to Ruti, the leaky boat in the turbulent sea of romance self-help is that men and women are different; in order for women to attract men, these books suggest, women must hide their power, feelings, or desires and manipulate men into new ways of thinking. The Harvard-educated Ruti urges women to ignore this advice and redefine how they look for love, what they look for in love, and even why they look for love. Instead of using strategies based in soft science or "emotional intelligence," Ruti taps sources ranging from Lacan to "Gossip Girl"; women, she argues, have worked too hard in their careers to fall prey to 1950s gender tropes in dating. Women should outright dismiss overtly macho, insecure, or otherwise threatened men. Ruti's approach is both funny and thought-provoking, and she moves effortlessly between intellectual and popular sources to provide an extremely refreshing take on an overdone genre. The author manages to strike a superb balance between writing an excellent book for a genre that she persuasively critiques from a gender studies perspective. (Feb.)

### Review

""FINALLY! An intelligent book about patterns and issues - past present and future - and how they impact our love relationships.

Pick up this book, read it, treasure it; and leave it on your bedside."

" - *The Review Broad*s

""We're obsessed with this new book by Mari Ruti Ph.D., in which she argues against popular relationship advice that encourages women to change and/or follow certain "rules of conduct" in order to land their man. If getting a guy to commit is that difficult, she says, you're not the problem ... he is. We like."" - *Glo.com*

""This is an eye-opening book that everyone can benefit from. Not just the single girl, but anyway dating in the 21st century."" - *Book Obsessed*

### About the Author

Mari Ruti was educated at Brown, Harvard, and the University of Paris. After finishing her Harvard doctorate in 2000, she spent four years as assistant director of the university's program for the Study of Women, Gender, and Sexuality. She is currently associate professor of critical theory at the University of Toronto English Department, where she teaches contemporary theory, continental philosophy, psychoanalysis, gender studies, and popular culture. Ruti is the author of two academic books: *Reinventing the Soul: Posthumanist Theory and Psychic Life* and *A World of Fragile Things: Psychoanalysis and the Art of Living*. She splits her time between Toronto, the East Coast, and Maui.
