### Bible Code Bombshell By R. Edwin Sherman

When Ed Sherman, a mathematician with 30 years of experience, and Nathan Jacobi, an Israeli physicist, set out to debunk claims that there were mysterious codes in the Hebrew Old Testament, they could not have envisioned the startling conclusions they would reach. As Dr. Jacobi, an agnostic Jew, looked for lengthy Hebrew codes about Christ, repeatedly he discovered compelling excerpts from the life of the man from Nazareth.

Time and again, Dr. Jacobi found that one- or two-word codes were actually part of much longer encoded sentences that echoed the Gospel accounts. Moreover, these encoded sentences were extensively embedded in two passages most widely regarded as prophecies of the crucifixion of Christ (Isaiah 53 and Psalm 22).

Bible Code Bombshell sets forth startling new evidence that code sequences in Scripture are irrefutable evidence of a Divine hand. In this highly readable book, Sherman offers both skeptics and believers a gold mine of information that will prompt much thinking about the origins of the Bible.

- Unlike other Bible code books, this unique book features codes that are phrases and sentences, and not just one- or two-word codes
- The only code book by researchers that are internationally recognized mathematicians and statistical experts
- Responds directly and accurately to Bible code critics
