Your Simple Step by Step Guide to Using Infusionsoft

After 4 years of using and consulting on Infusionsoft, I have seen a lot of people struggle to use this complicated software. They pay \$200+/month and barely get more than Mailchimp functionality out of it.

Infusionsoft is an incredibly powerful software that can create huge growth in your business - you can automatically sell, upsell, and convert more leads, among lots of other benefits.

The problem is people get frustrated at the starting line, before they've had a chance to see it transform their business.

I'm on a mission to change that.

I've found the hardest part in using Infusionsoft is just getting started. Everyone worries about building the perfect sales funnel the very first time.

To that I say **JUST GET STARTED**.

Read this book + the included bonuses, follow the instructions and build your first funnel. As more people go through the funnel you can tweak and optimize.

This book + the bonuses will help you plan, create and implement your first campaign, and if you really put in the work, you can do it in a week.

It takes awhile to learn the software inside and out but the only way to get there is to get started...

... so go now, get the book. Feel free to send me an email with any questions or feedback at justin@justinjacques.com.

FAQ

Where do I start, I'm overwhelmed with Infusionsoft?

Get this book, follow the steps and build your first campaign.

I've had people come to Infusionsoft user group meetings and meetups for months without building anything. They love what I teach and all the possibilities of the software but they continue to just sit on their ideas, waiting for the perfect time and a complete picture of how they want their sales funnel to look.

Keep it simple and just get started. In 6 months you'll be amazed at where you're at.

Who is this book for?

Mainly for beginner users of Infusionsoft but I guarantee even experienced users will find some marketing/strategy ideas they can use.

If you've already built some campaigns in Infusionsoft, you can use this book as a companion guide, just reading the sections you need help with or have questions about, rather than reading it cover to cover.

Will this book be up-to-date/when was this book last updated?

The book will be regularly updated to include recent screenshots and up to date content. If you purchased an old version, forward me your Amazon receipt at justin@justinjacques.com and I will send you a PDF of the most recent version.

The current version was updated in December 2015. Even when Infusionsoft make changes, it's not a complete overhaul of the software and 95% of the content will still be the exact same.

The reason why? Because this Infusionsoft for Beginners: A Step-by-Step Guide to Marketing Automation and Building Your First Campaign Kindle Edition is an unordinary book that the inside of the guide waiting for you to snap that but latter it will zap you with the secret it inside. Reading this book alongside it was fantastic author who have write the book in such amazing way makes the content on the inside easier to understand, entertaining technique but still convey the meaning entirely. So , it is good for you because of not hesitating having this ever again or you going to regret it. This excellent book will give you a lot of positive aspects than the other book possess such as help improving your proficiency and your critical thinking technique. So , still want to postpone having that book? If I were being you I will go to the publication store hurriedly.

Donald Chen:

As a university student exactly feel bored for you to reading. If their teacher requested them to go to the library or to make summary for some book, they are complained. Just very little students that has reading's spirit or real their passion. They just do what the professor want, like asked to go to the library. They go to presently there but nothing reading very seriously. Any students feel that examining is not important, boring and can't see colorful pictures on there. Yeah, it is to become complicated. Book is very important to suit your needs. As we know that on this time, many ways to get whatever we really wish for. Likewise word says, many ways to reach Chinese's country. So , this Infusionsoft for Beginners: A Step-by-Step Guide to Marketing Automation and Building Your First Campaign Kindle Edition can make you feel more interested to read.
