### Switcher Tess is about to discover her dark side

Tess is a Switcher, able to change into any creature at will. She believes she has experienced everything her powers have to offer—until she meets Martin, another Switcher, who seems to have a mysterious power over the Dublin rats. Martin has found a use for his gift that Tess could never have imagined. It is dangerous and terrifying, but also exciting, and Tess can't resist the temptation to explore Martin's dark and thrilling world. Will she find the strength to resist, or will she be pulled permanently into darkness?

### Editorial Review

From School Library Journal

Grade 6-9-As a Switcher nearing her 15th birthday, Tess faces an enormous decision: whether to assume an animal form permanently or to remain human with her modern-day Irish family. This premise, introduced in Thompson's *Switchers* (Hyperion, 1998), is further complicated when Tess realizes she can also become immortal, either as a vampire, the embodiment of evil, or as a phoenix, the personification of good. At first, the choice seems clear, but the girl comes to see the vampire's bitter appeal, and the phoenix strikes her as lonely in its golden calm. Like many teens, Tess feels that "[t]o either side, eternities [are] pulling at her and she [is] stretched between them, standing on a razor's edge." If the subtext of *Switchers* was the limitless possibilities of life choices, then the underlying theme of *Midnight's Choice* is teens' perception of the urgent need to choose, and choose correctly, and the inability to change direction once a choice is made. But Tess's eventual decision and the surprise climax that follows suggest that choosing is never clear-cut and that some choices, once made, can still be undone. Full of action and depth, this story stands alone, but is better still when read along with *Switchers*. It is a mesmerizing and respectful look, through the lens of fantasy, at young people making the decisions that will shape their adult lives.

### Review

"Full of action and depth . . . A mesmerizing and respectful look, through the lens of fantasy, at young people making the decisions that will shape their adult lives." —*School Library Journal*

From the Inside Flap

Read by Niamh Cusack

5 hours 1 minute, 4 cassettes

Since Tess's friend Kevin left the human world to become a phoenix, Tess has felt increasingly lonely and isolated. Soon it will be Tess's fifteenth birthday, the age at which she must finally decide what form she will take for the rest of her life; if she chooses, she too, can become a phoenix and join Kevin in his seemingly perfect existence. But everything changes when Kevin is captured by a local zoo. Tess is introduced to a world unknown to her before, a world ruled by vampires, darkness, and menacing forces that threaten to change her own life forever.

In this spellbinding sequel to *Switchers*, Tess is introduced to a world unknown to her before, a world ruled by vampires, darkness, and menacing forces that threaten to change her own life forever. Tess is finally forced to decide her destiny and choose between the forces of day and night, and good and evil.

### Users Review

From reader reviews:

**Douglas Gibson:**
