## Sex Magic: Powerful Spells for Lust and Passion By Caitlin MacKenna

Sex magic is the attempt to increase the passion of someone, or to seduce them as a sex partner through magical means rather than through direct action. It can be implemented in a variety of ways, such as spells, rituals, dolls, talismans, or potions. Sex is a fundamental need for humans, and there is nothing wrong with performing magic for sex. This book contains a variety of spells for almost every dilemma that lovers may find themselves facing, from finding a partner for casual sex to attracting a specific person for a sexual relationship to reviving the passion in a marriage. It even includes spells to increase libido and achieve orgasm. All spells can be performed by beginners in magic and most can be performed by either sex.
