Editorial Review

Review

"A complete text on facial nerve development, anatomy, function, and disorders. . .a comprehensive clinical source for physicians who are interested in the management of facial disorders, including diagnosis, prognosis, and treatment." -- The American Journal of Cosmetic Surgery

"A well-executed, welcome update to an existing standard in this important aspect of head and neck surgery..the text is complemented by ample high-quality illustrations..Clinicians from all surgical and non-surgical disciplines and at all levels of experience will find this a valuable addition to their libraries."

--Head & Neck

"A comprehensive discussion of the issues faced by clinicians who evaluate facial nerve disorders...in recognition of the many medical specialists who deal with the facial nerve, this book incorporates their valuable input...text is complemented by numerous anatomical drawings, electron micrographs, and clinical photographs...will continue to serve as a fundamental text in the field...a valued textbook and worthy of its price." --Journal of Neurosurgery

"A remarkably complete text covering all the basic and clinical fundamentals...any specialist reading this text will be impressed with the content...highly recommended..." --Aesthetic Plastic Surgery

"Quite readable and well illustrated...Contains a wealth of useful information for physicians...Recommended." -Plastic and Reconstructive Surgery

"There is no question that this is a landmark book...Each chapter is a complete unit in itself...the summary of a career's worth of experience." -Otolaryngology-Head and Neck Surgery

"I fully recommend this to all physicians who deal with the facial nerve... well written, well illustrated and well referenced ...I certainly would include this book in all otolaryngologists' libraries...definitive." - American Journal of Otolaryngology

"A fitting testament to the clinical career of the senior author..well-illustrated and comprehensively covers every disorder imaginable involving the facial nerve..well worth considering for one's library."

--Canadian Journal of Neurological Sciences

"An excellent book on facial nerve..an interesting read..numerous illustrations..a 'must' for all otologists, otoneurologists, and department libraries." --Australian Journal of Otolaryngology

Users Review

From reader reviews:

Kenneth Handy:

This book untitled The Facial Nerve: May's Second Edition to be one of several books that best seller in this year, here is because when you read this e-book you can get a lot of benefit upon it. You will easily to buy this kind of book in the book retailer or you can order it via online. The publisher of this book sells the e-book too. It makes you quickly to read this book, since you can read this book in your Touch screen phone. So there is no reason to you personally to past this guide from your list.

Gail Boutwell:

The book untitled The Facial Nerve: May's Second Edition is the publication that recommended to you to see. You can see the quality of the guide content that will be shown to you. The language that creator use to explained their way of doing something is easily to understand. The article writer was did a lot of study when write the book, hence the information that they share to you is absolutely accurate. Morgan Lytle:

Spent a free the perfect time to be fun activity to complete! A lot of people spent their free time with their family, or their own friends. Usually they performing activity like watching television, about to beach, or picnic inside park. They actually doing same thing every week. Do you feel it? Do you want to something different to fill your own free time/ holiday? Could possibly be reading a book might be option to fill your free time/ holiday. The first thing that you will ask may be what kinds of guide that you should read. If you want to test look for book, may be the e-book untitled The Facial Nerve: May's Second Edition can be very good book to read. May be it can be best activity to you.

Erica Futch:

This The Facial Nerve: May's Second Edition is great reserve for you because the content which is full of information for you who else always deal with world and also have to make decision every minute. That book reveal it information accurately using great coordinate word or we can point out no rambling sentences inside. So if you are read the idea hurriedly you can have whole facts in it. Doesn't mean it only will give you straight forward sentences but difficult core information with attractive delivering sentences. Having The Facial Nerve: May's Second Edition in your hand like getting the world in your arm, details in it is not ridiculous a single. We can say that no e-book that offer you world with ten or fifteen minute right but this book already do that. So , this is good reading book. Hey there Mr. and Mrs. hectic do you still doubt in which?
